

13 Hummingbirds in Georgia

Ruby-throated
Hummingbird

Resident

Statewide breeder,
with real winter
presence
concentrated on the
coast

Black-chinned
Hummingbird

Migrant/Winter

Regular but
genuinely low-
density — fewer
than 5 reported
some winters

Rufous
Hummingbird

Migrant/Winter

Georgia's most
common winter
hummingbird —
75-100 reported
some years

Allen's
Hummingbird

Rare Visitor

Scattered vagrant
records across
multiple years, no
single-site pattern

Anna's
Hummingbird

Rare Visitor

4+ accepted
records — on the
GOS Regular Review
List

Blue-throated
Mountain-gem

Historic

One of the rarest
eastern vagrants —
just 1 accepted GA
record

Broad-billed
Hummingbird

Historic

GA DNR calls it 'an
accidental winter
visitor'

Buff-bellied
Hummingbird

Historic

Two confirmed
records — including
a bird that
overwintered at
feeders on St.
Simons Island in
2010

Calliope
Hummingbird

Historic

GA DNR calls it 'an
accidental winter
visitor throughout
Georgia'

Green-breasted
Mango

Historic

One record — a
hatch-year male
banded near Dublin,
2007

Rivoli's
Hummingbird

Historic

Seen only twice —
St. Catherines
Island and Winder

Broad-tailed
Hummingbird

Historic

GA DNR calls it 'an
accidental winter
visitor'

Mexican Violetear

Historic

Just 1 sight record
ever — Thomasville,
July 2001
